Trade Board Names Drake, Walsh to Posts
The Washington Board of Trade today announced Howard C. Drake, operator of the Drake Press, Inc., has been named chairman of the board's aviation committee.
At the same time, it was announced that Leonard J. Walsh had been renamed head of the auditorium and stadium committee.
Mr. Drake, a board member since 1936, was chairman of the membership committee last year. He is currently serving a three-year term as a director of the group. He is a member of Temple Noyes lodge of the Masons and lives at 909 Highland drive, Silver Spring, Md.
An attorney, Mr. Walsh is serving his second year as chairman of the auditorium and stadium committee. He lives at 3914 Benton street N.W.
Mr. Walsh is a member of the District Armory Control Board and a director of the Metropolitan Police Boys' Club and the Washington Criminal Justice Association.
The Great Plains area of the United States is the world's most active tornado breeding ground.

Swimming Feats Become Legendary at Lowell
By the Associated Press
LOWELL, Mass. — Swimming feats of Mike Rynne, a former policeman, are becoming a living legend here. Rynne is now 70 years old. But he can still tow a boat containing five 200-pound men with his arms and legs tied. He can still swim after being tied to a chair and shoved off the dock. He can carry a 200-pound dead weight strapped to his back and still swim. At 70 he swims more than a mile a day just for exercise.

Early Egyptians Used Wedding Rings First
CAIRO.—According to legend, the early Egyptians were the first to adopt the wedding ring to symbolize the taking of vows. Thousands of years ago they carved in hieroglyphics a circle to represent eternity as round and therefore endless.
Their carved rings, in the same form, were regarded as emblematic of everlasting marriage ties. Today's carved circlets have the bridal roses, laurel leaves, and clovers popular for many centuries as motifs.

'Holidays for Creation' Granted in Albania
TIRANA, Albania.—The 8-hour day is law in Albania, but a new fiction, and practice, government regulation decrees Special holidays also are granted to the men of science, the arts granted to them when necessary and letters need now work only to complete a study or work. They 6½ hours a day so as to give are called "holidays for creation."
